## Kieran Smith PGA Professional

### My Philosophy

Since everyone is uniquely different, no two golf swings are the same. I believe there can be a correct and different swing for each individual, that when practiced and developed correctly, it can become repetitive and successful for that individual.

I have many years of coaching experience in which time I have taught golfers of all abilities and ages and gained a great knowledge in how to deal with every individual's needs.

All lessons are taught using the latest coaching technologies, including Skytrak launch monitor & simulator, Skypro 3D swing analyser and V1 video swing analysis.

**SKYPRO**  
SEE • GROOVE • IMPROVE

### **Skytrak Launch Monitor**

SkyTrak captures the actual ball speed, launch angle, back spin, side spin and side angle to project the ball flight over a vivid 3D practice range. SkyTrak also offers various challenges for engaging practice such as Closest to the Pin, Longest Drive and Targets, along with Shot History Tables, Performance by Club, and helpful data screens.

### **Custom Fitting at Surrey National Golf Club**

Here at Surrey National Golf Club we offer a **FREE** full custom fitting service on all golf clubs.

Fittings are done either on the driving range or in our indoor golf studio. Skytrak is utilised during the fitting process to ensure ultimate accuracy on your new customised clubs.
