Kieran Smith PGA Professional

My Philosophy

Since everyone is uniquely different, no two golf swings are the same. I believe there can be a correct and different swing for each individual, that when practiced and developed correctly, it can become repetitive and successful for that individual.

I have many years of coaching experience in which time I have taught golfers of all abilities and ages and gained a great knowledge in how to deal with every individual's needs.

All lessons are taught using the latest coaching technologies, including Foresight Sports GC Quad.

Foresight GC Quad

Beyond being the most advanced launch monitor ever created, the GC Quad is also the most beautifully ergonomic. Created from the ground up with the help of an award-winning industrial design team, every curve, color, material and feature was chosen with performance in mind.

Custom Fitting at Surrey National Golf Club
Here at Surrey National Golf Club we offer a **FREE** full custom fitting service on all golf clubs.

Fittings are done either on the driving range or in our indoor golf studio. The GC Quad is utilised during the fitting process to ensure ultimate accuracy on your new customised clubs.
